To whom it may concern this is to certify that during the initial certification audit during 2008 and again during the 1st surveillance conducted during 2009, no non conformances, or findings were raised.

It was evident that Project & Industrial Engineering had fully integrated the requirements of 9001:2008 into all business processes which was working for them.

Project & Industrial Engineering also portray a good team dynamic which was evident throughout all departments.

In closing, Project & Industrial Engineering are a Company well versed with the requirements of 9001:2008 and are working to a Management system that has entrenched those requirements into all of it's business processes.

Yours Sincerely

Ian Graham
